The logo of the Higher Education Department of Nagaland carries deep symbolism that reflects the values, vision, and mission of education within the state. Each element in the logo—the Mithun horn, the book, the graduation cap, and the motto—together encapsulate the journey and aspirations of higher education in Nagaland.

1. **Mithun Horn**

The Mithun, Nagaland's state animal, represents strength, resilience, and the rich cultural heritage of the Naga people. In the context of education, it symbolizes the strength of knowledge and the resilience required to pursue higher learning. The horn's presence in the logo is a nod to the roots, identity, and pride of Nagaland, connecting students to their heritage as they move forward in education.

2. **Book:**

The open book represents the foundation of learning, wisdom, and knowledge. It stands as a symbol of intellectual exploration and the acquisition of knowledge that empowers individuals. The book's position within the logo emphasizes that education and knowledge are central pillars of the Higher Education Department's mission.

3. **Graduation Cap:**

The graduation cap signifies academic achievement, success, and the completion of educational goals. It represents the culmination of hard work and dedication, symbolizing the readiness of students to step into the world as educated, capable individuals who can contribute to society. It also emphasizes the department's commitment to guiding students towards success and excellence.

4. **Motto: Envision, Inspire, and Excel**

Envision:

This word inspires students to imagine and pursue a vision of their future, encouraging forward thinking and the pursuit of dreams.

Inspire:

By highlighting the importance of motivation and inspiration, this part of the motto underlines the role of educators and leaders in sparking students' curiosity and drive to learn.

Excel:

The call to "excel" urges students to strive for excellence in their academic and personal growth, setting high standards of achievement and success.

Together, these elements convey the purpose and aspirations of the Higher Education Department in Nagaland: to foster a strong foundation in education rooted in cultural pride, empower students to pursue their dreams, and nurture a future generation that is equipped to inspire and lead.

1. INTRODUCTION

The Department of Higher & Technical Education came into existence on 1st May 1983. Prior to this, it was a constituent of the erstwhile Department of Education which comprised of all the various wings of Education. From 1st October, 2004 the Technical Education was further detached from Higher Education to be remerged back with Higher Education during 2009 although at the Directorate level, it continues to function separately.

The Department is responsible for evolving general policy of Higher Education in the State. It liaises with the Ministry of Human Resource Development, Department of Higher Education. The Department is further concerned with perspective planning and policy formulation for Collegiate Education, for which co-ordination and consultation with University Grants Commission, the Nagaland University and other Universities in the country are required.

Policy

The National Policy on Education 1986 states that Education is a unique investment in the present and the future. The aim of Higher Education according to this policy is facilitating the process of national development through its manifold tasks of generation, dissemination, utilization and expansion of knowledge.

Vision

To realize the State's human resource potential to its fullest in the higher education sector with accessibility and equity, relevance and excellence.

Mission

- To provide greater opportunities of access to higher education to all eligible person and in particular to the weaker sections of the society.
- To expand access by supporting existing institutions, initiate policies and program for strengthening research and innovations.
- Develop skills of the youth and promote quality of higher education, academic reforms and improving governance.

2. ORGANIZATIONAL SET-UP

b. State Level Quality Assurance Cell (SLQAC)

The State Level Quality Assurance Cell serves as the apex body for planning, monitoring and strengthening quality assurance mechanism in Higher Education Institutions (HEIs) across the state. SLQAC functions as a strategic link between national quality framework such as

NAAC, NEP-2020 and institutional-level quality initiatives implemented through Internal Quality Assurance Cell (IQAC).

The primary objective of SLQAC are to

- Promote a culture of quality, accountability and continuous improvements in HEIs.
- Facilitate preparedness and sustained compliance with NAAC accreditation and post accreditation requirements.
- Support implementation of NEP 2020 reforms.
- Strengthen IQAC functioning through capacity building, mentoring and monitoring.
- Enable evidence-based decision making through systematic data collection and analysis.

Role and Functions in Quality Assurance

- NAAC Accreditation and Quality sustenance.
- Capacity building and handholding.
- Monitoring and evaluation.
- Promotion of best practices and innovation.

Expected Outcomes

- Improved NAAC accreditation status of HEI's.
- Robust IQAC functioning across Institutions.
- Enhanced academic quality, governance efficiency and student outcomes.
- Sustained culture of quality and continuous improvement.

Relevance of Naac Accreditation For HEI's.

- Demonstrate accountability and optimal utilization of funds.
- Enhance institutional credibility and stakeholders confidence.
- Access central and state government funding, schemes and performance-based grants.
- Improve student enrolment, retention and progression.
- Move towards academic and administrative autonomy in a phased manner.

Post accreditation, colleges are encouraged and assisted to implement peer team recommendations, strengthen Internal Quality Assurance Reports (AQAR) and institutionalized best practices.

Overall, NAAC Assessment and Accreditation serves as a transformative quality framework for HEIs. With structured support from SLQAC and sustained commitment from institutions, colleges can enhance academic quality, governance efficiency and student outcomes, thereby contributing meaningfully to the objective of NEP 2020 and the broader goals of inclusion and equitable higher education.

NEP 2020 proposes to introduce reforms in all aspects of education sector viz. curriculum, pedagogy, assessment, employability and multidisciplinary Institution of higher learning.

NEP 2020 takes a holistic and multidisciplinary approach to higher education. Towards the attainment of such holistic and multi-disciplinary education- the Directorate of Higher Education has submitted its draft proposal for implementation of NEP 2020 in higher education for the State of Nagaland.

Summary of the Proposals

1. Introduction of Choice Based Credit System (CBCS) in Colleges
2. Creation of more post of Assistant Professors in Colleges
3. Introduction of Science Stream/subjects
4. Up gradation of infrastructure
5. Teacher Education & ITEP
6. Upgradation of ITC facilities
7. Introduction of vocational & skill courses
8. Financial assistance to private Colleges

Concept Note on National Education Policy 2020

A concept note on Implementation of NEP 2020 in Higher Education Institutes (HEIs) of the State has been prepared in tune with the Terms of Reference (ToR) as per the letter from the Secretary, Ministry of Education (HE), Government of India to all the State Chief Secretaries (D.O No.2-19/2021-PN-II Dated 27.11.2021). The concept note was submitted to the Ministry of Education (HE) through the Vice Chancellor, Mizoram University who was the Regional Coordinator of Region-III.

The Concept Note was based on three themes:

1. Access: Sub - Themes
 - a. Equity, including Gender Parity
 - b. Inclusion including SEDGs
 - c. Measures for increasing Access including Online 7 ODL education
 - d. Increasing Access through Indian languages
2. Quality: Sub - Themes
 - a. Multi-disciplinary and Holistic Education
 - b. Flexibility of Courses and Students Mobility
 - c. Multiple-Exit and Entry (MEE)
 - d. Indian Knowledge System
 - e. Research, Innovation and Ranking
 - f. Capacity Building of Faculty
3. Future Readiness: Sub - Themes
 - a. Enhancing Employability through Internship/Apprenticeship
 - b. Transforming Education through Integration of Technology
 - c. Accreditation for Quality Education
 - d. Internationalization
 - e. Governance

The concept note was presented on the themes and sub-themes given above. Firstly, the status of the theme which was followed by the Challenges faced and Strategies needed for successful implementation of National Education Policy 2020 in the state.

Major Academic Reforms

The principles of the newly introduced NEP 2020 which lays emphasis on imparting holistic and multi-disciplinary education to learners and also allow academic flexibility to the students to study the subject/courses of their choice, Nagaland University in which all the colleges are affiliated to, has introduced courses which are interdisciplinary and multidisciplinary in nature and accordingly CURRICULUM AND CREDIT FRAMEWORK FOR UNDERGRADUATE PROGRAMMES are being introduced in all the colleges in the State. This has facilitated the students to opt for different inter-disciplinary, intra-disciplinary and skilled-based courses depending upon their interest. Now the undergraduate degree is either 3 or 4-year duration,

with multiple exit options within this period, with appropriate certifications, e.g. a UG certificate after completing 1 year in a discipline or field including vocational and professional areas, or a UG diploma after 2 years of study, or a Bachelor's degree after a 3-year programme. The 4-year multidisciplinary Bachelor's programme, however, shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student.

Major Initiatives Proposed by Higher Education in the State during 2024-25:

1. Student Centric Initiatives:
 - i. Increase the intake capacity in the existing colleges
 - ii. Introduction of more multi-disciplinary HEIs
 - iii. Conduct bridge/remedial classes for weaker students as the new courses are being introduced in the college
 - iv. Dual mode (online & offline) of teaching-learning in HEIs
 - v. As per NEP 2020, Higher education shall introduce students centric initiative under the provision of IKS
2. Faculty Development
 - i. Orientation of Teachers on Introduction of Four Year Undergraduate Programme (FYUP) for colleges
 - ii. Encourage research activities
 - iii. Training for Dual mode of Teaching
 - iv. Awareness programme on Implementation of NEP 2020
3. Institutional Development
 - i. Extension of classrooms in colleges as more courses are being introduced
 - ii. Colleges are to constitute committee for Institutional Development Plans for implementation of NEP 2020
 - iii. Digitalization of library in HEIs
 - iv. Development of IT enabled campus in all HEIs
4. Employability
 - i. Establishment of counselling, career guidance and grievances cell in all HEIs
 - ii. Conduct of Job fair in colleges for placement
 - iii. Introduction of more skill programmes in colleges
 - iv. Introduction of Job-oriented professional courses in HEIs.

9. STATE EDUCATION COMMITTEE OF HIGHER EDUCATION

12. PROFILE OF GOVERNMENT COLLEGES

FAZL ALI COLLEGE, MOKOKCHUNG

BRIEF BACKGROUND

Fazl Ali College (FAC) is a renowned higher education institution in Nagaland, India, established on September 8, 1959. Located about 5 kilometers from Mokokchung Town, the college spans 85 acres, providing a serene and expansive campus environment. As a co-educational government college affiliated with Nagaland University, FAC aims to promote higher learning and academic excellence. The objective of the College is to promote higher learning and to produce students who are second to none in academic quality in line with the College motto *Academia Nulli Secundus* and are conscious citizens who can bring about social change and development. To provide a nurturing environment that fosters intellectual growth, academic excellence, and social responsibility, enabling students to reach their full potential. It signifies the College's constant endeavour to mould the young minds and give the guidance towards the unfoldment of the intellectual faculty latent in them.

Fazl Ali College has a rich history, transitioning from a private institution to a government college in 1962 under the Government of Nagaland. A significant milestone was achieved in 1983 with the introduction of the science stream. Today, the college offers a wide range of undergraduate courses, including BA, BSc and BCom programs, both general and honors, spanning 17 subjects. Also, as the first government college in Nagaland to be accredited by NAAC in 2009, Fazl Ali College has consistently demonstrated its dedication to quality education. With its 'A' grade accreditation in 2022, FAC continues to strive for excellence.

KOHIMA COLLEGE, KOHIMA

BRIEF BACKGROUND

Kohima College, located in the scenic hillock of Kruoliezou, Kohima, was established on the 9 August 1967. This educational institute holds the distinction of being the first private college offering higher education in the branch of Humanities for the first time in Kohima. The College owes its existence to the founding members; Dr. Neilhouzhü Kire, Dr. Satuo Sekhose, Mr. Vibeilie Solo and Mr. Vilalhoulie Belho, four far sighted individuals from Kohima Village, who shared a common concern which was the need for an Academic Institution in the capital. The College is NAAC Accredited and is recognised under section 2(f) & 12(B) under UGC Act 1956.

SAO CHANG COLLEGE, TUENSANG

INSTITUTIONAL DATA

Sao Chang College, erstwhile called Tuensang College was named after Late Sao Chang, the then Minister for Transport & Communication and PHED, Government of Nagaland. The cherished aspiration for higher education of the people saw its light with a humble beginning as 'Night College' (Arts) in 1973 at a designated temporary building at Tuensang town. To accommodate the increasing enrolment of students seeking for higher education within the District, the college was elevated to a regular day-shift college. The college was taken over by the Government of Nagaland in April 1983. In its march towards a greater horizon, the degree level of science stream was introduced in 2005. Shifted in the year 1996, the college now has its own permanent campus at a distance of about 9 kilometres away from town. Located amidst splendid and lofty mountain ranges and a pervading atmosphere of serenity, the college is ideal and conducive to be a centre of higher learning.

The college is co-educational. It imparts education in the Arts and the Science stream at the degree level. It is affiliated to the Nagaland University.

STATE COLLEGE OF TEACHER EDUCATION, KOHIMA

BRIEF BACKGROUND

The State College of Teacher Education, Kohima was established in 1975, under the initiative of the North-Eastern Hill University (NEHU), Shillong, and the Government of Nagaland, to cater to the need for qualitative improvement of teachers and school education in the state. The College was affiliated to NEHU since inception, until it came under Nagaland University in 1995. It was upgraded to College of Teacher Education by the Ministry of Human Resource Development, New Delhi, in March 1996, and it was among the first few Teacher Education Institutions in the North-East to have been recognized by the National Council for Teacher Education (NCTE), New Delhi. The institution seeks to provide student teachers with the social and professional skills they need to succeed in the demanding world. The collaborative efforts of the management, student-teachers, non-teaching staff, and teaching faculty working as a team with great zeal and cooperation has led to its growth from prominence to strength in the quest of quality and knowledge.

In its service to the teaching community for nearly five decades now, the College has been taking a leading role in the development of Teacher Education especially at the Secondary Level. With the introduction of the two-year Teacher Education Programme, the College seeks to prepare teachers and teacher educators in becoming humane facilitators of learning, who are sensitive and responsive to educational contexts, and capable of evolving a deeper understanding of the purpose of education and its relationship with society.
